

Patient Sick Policy

Updated March 2020

We are expanding our sick policy due to the current events with the Covid-19 virus.

In addition to your child's own health status (see below for CPT's Sick Policy), we ask that you kindly reschedule your child's appointment to a later date if he/she has been recently exposed to any type of cold or flu sickness within your household or community.

For the health and safety of your children and the staff, CPT has been following an aggressive cleaning schedule here in the clinic. Additionally, we will have the child and therapist wash hands before and after each session. Hand sanitizer is readily available throughout the clinic and we remind you that sinks are also available in the restrooms if you prefer to wash your hands with soap and water.

We appreciate everyone's support in this effort to keep our children and staff healthy!!

As a reminder, CPT's current Sick Policy:

Children must be symptom and fever free for 24 hours before they should come to therapy.

Please reschedule your child's therapy appointment if any of the following apply:

- Child reports feeling ill with flu related symptoms (even if no fever)
- Sore throat
- Excessive coughing
- Excessive runny nose or congestion
- Vomiting/nausea
- Temperature of 100 degrees or more
- Taking fever reducing medications to minimize symptoms

To encourage prevention, please do the following:

- Wash hands frequently with soap and water
- Use hand sanitizers
- Cough and sneeze into a tissue or the crook of your arm
- Throw tissues away immediately and wash your hands after touching the tissue
- Avoid touching your eyes, nose, or mouth

*Supporting children where they live, learn, and play.
